THE LAW IS CLEAR

Excerpt from Section 43-13-117, Mississippi Code of 1972, as amended

The executive director shall keep the Governor advised on a timely basis of the funds available for expenditure and the projected expenditures. If current or projected expenditures of the division are reasonably anticipated to exceed the amount of funds appropriated to the division for any fiscal year, the Governor, after consultation with the executive director, shall discontinue any or all of the payment of the types of care and services as provided in this section that are deemed to be optional services under Title XIX of the federal Social Security Act, as amended, and when necessary, shall institute any other cost containment measures on any program or programs authorized under the article to the extent allowed under the federal law governing that program or programs. However, the Governor shall not be authorized to discontinue or eliminate any service under this section that is mandatory under federal law, or to discontinue or eliminate, or adjust income limits or resource limits for, any eligibility category or group under Section 43-13-115. It is the intent of the Legislature that the expenditures of the division during any fiscal year shall not exceed the amounts appropriated to the division for that fiscal year.
